Arctic Adventure: February 17-19th @ Gardner Dam Scout Camp

In Wisconsin it gets cold. Let's be crazy and go play in that weather! Arctic Adventure is a high adventure opportunity for Venturers and older Boy Scouts (14+) that allows you to explore the adventurous side of the wintery north woods. Trained staff members will provide leadership, instruction, and supervision with showshoeing, cross country skiing, quinzhees, tracking, winter shelter building and much more. You'll be warm and cozy next to the fire inside the Wausau Homes Adventure Lodge where you can stay overnight in. For only \$40 you can come for the weekend and have all your equipment ready for you upon arrival!

Participants are required to have a completed physical form and are responsible for personal clothing, bedding, and hygiene needs. *THE DEADLINE IS JANUARY 25TH, 2012!* To register or for more info, please go to [the Bay-Lakes Council website](#) to select the file "Arctic Adventure." **THE DEADLINE IS NEARING so save your spot today!**
